

## EVIDENCE VEIL DRAWN TIGHTER

Express Company Reports Theft of  
Shirts From Car—Omaha Man  
Is Being Held.

Further evidence to prove that  
James Ware of Omaha is guilty  
of stealing one-half dozen silk  
shirts has been secured.

The American Express company  
has reported to the police that a  
package consigned to Mosenthal  
& Son's clothing store had been  
stolen from one of the company's  
cars. The package was sent from  
Chicago. Ware was arrested yes-  
terday morning by Detective Tom  
Cox after it was learned that he  
had been selling shirts valued at  
\$15 for \$2 each. He had sold two  
of the shirts when arrested. He  
is being held by the police pending  
further investigation. The police  
will endeavor to see if the shirts  
consigned to the local merchant  
check with those that were found  
in Ware's possession. Ware says  
he bought the shirts. His case is  
continued until March 23.

Calie Moss and Henry Taylor,  
both colored, were fined \$10 each  
when arraigned before Magistrate  
Smith in the police court this  
morning on a charge of disorderly  
conduct. They were arrested by  
federal agents and an officer of the  
police force Wednesday. It was  
thought that the Moss woman's  
boarding house was a house of ill-  
fame but no evidence could be  
proved. The man was held as an  
example but proved that he is only  
boarding there.

## ONE MORE TRIPPER IS NEEDED FOR MEN

Men employed at the Rock Island  
arsenal shops who live in the ex-  
treme west portion of the city have  
applied to officials of the Tri-City  
Railway company for a tripper  
which will run direct between the  
west portion of the city and the  
Island.

The men appealed to the city  
council recently and were referred  
direct to the company. John G.  
Huntton, superintendent and gen-  
eral manager said today that no  
word will be given out until Mon-  
day regarding the additional ser-  
vice but it is expected that through  
service will be scheduled in the  
near future. Trippers are run on  
almost every line in the city in the  
morning and evening for the ar-  
senal workers but none reaches the  
extreme west end section.

which have taken place in that city  
during the last two or three days.  
It was learned that Schmidt is  
an escaped inmate of the Industrial  
home at Eldora, Iowa. On his per-
